

1. Click on "Their Collection" under the other Orbiter's name to view his or her cards. (Note: It may take a few moments for the whole collection to load.)
2. Select the cards you'd like to trade for.
3. In your own collection, select the cards you're willing to trade. Now click "Submit Trade."
4. Once you're both done selecting cards, an "Accept" button will appear.
5. Keep in mind that you can cancel a trade at anytime by exiting the Trading Floor.
6. When you're happy with the trade, click "Accept." If the other Orbiter also accepts, the trade is made!
